88 MAJORITY FOR BONDS IN COUNTY

Complete Tabulation From All Precincts Shows 1,954 in Favor; 1,857 Against.

VOTE IN CITY THREE TO ONE

Rural Balloting Cut Down Lead Given Issue by Voters in Tulsa Proper.

SUPPORTERS DISAPPOINTED

Avery and Guthrey Attribute Loss to Inaction of Persons Favoring Measure.

The state good roads bond issue voted on Tuesday was carried, so far as Tulsa county and city were concerned, the total vote as tabulated Wednesday night being 946 in favor of the proposition and 1,857 against the plan. The vote in the city showed a total of 1,214 for and 449 against while the county vote stood 747 for and 1,408 against the measure.

Cyrus S. Avery and E. Lee Guthrey, two of the most active exponents of the \$50,000,000 state good roads bond issue in this county, conceded defeat of the measure Wednesday and expressed keen disappointment at the result of the election. Apathy on behalf of voters lined up in support of the bonds was attributed by both to lack of interest in the measure.

It is announced that Tulsa county passed with its road building program and maintained that the federal government would match dollar for dollar with the county in building roads.

Following is the list of the city and county precincts and the official vote as received Wednesday by Fred L. Kitchen, secretary of the county election board:

ROBERTSON ISSUES APPEAL

Governor Urges Business Men Not to Forget What Boys Did in France in Make Possible This Loan.

Oklahoma has shown great liberality in support of all previous war drives, and now that the war has been won the finances necessary for returning the boys are asked in the present Victory loan. We cannot afford to fail the government at this critical time. I appeal to the entire citizenship of this state to respond to duty in the same manly fashion as our boys responded when they offered their all in the service of our country,"—Gov. J. H. A. Robertson.

Another big inroad on the existing deficit in Tulsa a total subscribed to the Victory loan was made Wednesday when volunteer workers and banks reported bond sales amounting to \$202,100.

Tulsa's total subscribed to the loan to date is \$5,697,450. Honda yet remains to be sold to the amount of \$141,500 and City Manager Davenport predicts that the city will over subscribe its quota by Saturday noon.

In reality but \$202,100 was actually handled in subscriptions.

"I'll meet the Yanks in Flanders, stand tall and fight well," said:

"They're always rolling dice & b'leet."

"Say anything, easy b'leet."

"Hand will roll their cigarettes."

"They'd never talk about."

"They'd ask you, 'Dow a year mother!'

"I'll tell them what they care!

"Hand to his and twenty minutes b'all their losses they bared."

"If at the Kingdom of Yankees

"He's been checked until it failed."

"They'll never b'leet."

"Men you never b'leet me!"

"Will we right him up b'all the world?"

"He's to the front, come from hand and the pike they 'ope to git."

"But they'll give you their tobacco, hand and they'd stand up light."

"Hand and they'll 'elp you 'e 'm eye or night."

"Hand with all their portentous, other war workers in a fight."

Two young lady volunteer workers, Misses Hetty Hudson and Annie Constantin, handed in the \$102,000 worth of bond sales Wednesday. Among the subscriptions turned in were the Carter Oil company and Constantin company, for \$100,000 each.

One hundred business men worked Wednesday for the bonds but up to a late hour Wednesday evening no report of their accomplishments had been rendered to headquarters. The total obtained in money by these workers will be added to today's total.

Although the national campaign for the fifth loan ends Saturday afternoon, May 10, A. V. Davenport, city manager; Frank Bryant, county chairman, and others actively directing the campaign are confident now that Tulsa will finish the job in the allotted time.

State leaders in favor of the issue said today that defeat was due to the apathy of the voters. "Thousands of persons who were in favor of the issue started away from the polls, confident that victory was certain. The opponents all voted, it seems, so thank you are," said one leader for the movement.

CONGRESS CALLED TO MEET MAY 19

Wilson Sends Summons From Paris by Cable for Convening on Early Date.

ACTS ON ADVICE OF GLASS

President Guided by Request of Treasury Secretary Because of Needs.

WILL NOT BE PRESENT

No Indication Is Given When Wilson Will Return to This Country.

WASHINGTON, May 7.—President Wilson issued a call by cable today for a special session of congress to meet Monday, May 19.

Secretary Tumulty in making the announcement, said it would be impossible of course, for the president to be present on the opening day. The date fixed for the special session was much earlier than demanded by the German leaders.

White house officials said that in naming an early date for the session, President Wilson was guided largely by the advice of Secretary Glass as to the necessity of passing annual appropriation measures which failed in the closing days of the last session.

No Indication of Return

There was no information at the white house either as to the probable time of the return of the president from France or the submission of the peace treaty in the senate but some administration leaders believed the president had called the session earlier than had been anticipated in order that congress might perfect his organization and dispose of the more important appropriation measures before the treaty was ready for consideration.

Republicans of the house virtually have completed their organization, but the senate has done no organization work and this probably will occupy the attention for the first week of the special session. The house, however, can be considering appropriation measures in the meantime. The bill which failed in the last congress will be introduced anew, but the secretary of the treasury has decided it will not be necessary for the government departments to submit new estimates.

Republican Conference

Soon after the president's proclamation was made public Senator Lodge of Massachusetts, the republican leader, issued a call for a republican conference to be held May 14.

The purpose of perfecting an organization in the senate, the representative of the conferees, Mandell, who will be the publican floor leader at the coming session, announced that a conference of republican house members would be held on May 17.

Major Points

The main point in the peace treaty follows:

Alsace and Lorraine to go to France. All the bridges over the Rhine on their borders are to be in France.

The port of Danzig is permanently and most of Upper Silesia is ceded to Poland, whose independence Germany recognizes.

Poland is to be reduced to 100,000 men, including officers; conscription within her territories is abolished; all fortifications are removed; 50 kilometers east of the Rhine razed, and all importation, exportation and nearly all production of war material stopped. Allied occupation of parts of Germany will continue until the end of the war.

Germany will be required to pay \$30 billion for reparations.

Germany is to give up the Saar coal basin temporarily.

She may have no military or naval air forces except 100 unarmed seaplanes until October 1 to detect mines and may manufacture aviation material for six months.

Germany accepts full responsibility for all damages caused in allied and associated governments and nations.

Internationalization of the coal mines is agreed to.

Germany recognizes the total independence of German-Austria and Czechoslovakia.

German colonies are taken from her, the clause in which she renounces all her territorial and political rights outside Europe. The league of nations will work out the mandatory system for governing these colonies.

Belgium is conditionally given the Malmoe and Eupen districts of Prussia bordering on Belgium, with the opportunity to be given the coal mines.
